ATKINS Engineer's Comments:

All the Material submittals must include LEED & WELL compliance status.

~~All materials submittals (MAS's) must undergo review by the Contractor's designated Sustainability Coordinator/Consultant (LEED & WELL) to check & document the compliance with LEED~~ & WELL prerequisites and credit requirements in order to achieve the targeted certification level. The following items are missing.

1. LEED & WELL Materials review form (Sustainability Materials Questionary) with credit compliance status.
2. ~~LEED & WELL Compliance supporting documents for the applicable credits.~~
3. Maintenance of the LEED & WELL Materials Tracker in accordance with credit requirements and overall compliance with targeted points.
4. Maintenance of LEED calculators for the applicable credits as per the guidelines.

ATKINS Resident Engineer's Comments:

In principle Al Watania is approved for rebars supply. All delivery shouold have MTC and ~~random samples to be collected for test as per project specification. attached test reports are Y~~ 2020, 21.

FSA to ensure all material submittals meets/comply with LEED and WELL.
